To, Placement Team - Hope you and your team are doing well and safe in this pandemic.

We are pleased to inform you that we have completed the selection process of Interns batch 2021 and the following student(s) have/has been shortlisted.

Student Name	College Name	Yearly CTC	Monthly CTC
Nangare Amruta	AVCOE, Sangamner	₹ 2,31,708	₹ 19,309

We are also very glad to inform you that the offered pay structure is on the **higher side** than the discussed CTC range during your pre-placement talk. We had mentioned CTC range **15-17K** but here we have offered beyond it. We are confident that this initiative will definitely motivate them to kick-start their fruitful career with Casepoint.

As we are all aware of the ongoing pandemic we are facing today which has only gotten worse with each passing day. Lockdown has resulted in a global crisis with the U.S. and Indian economy taking a big hit. These are the times when many organizations have started laying off a major chunk of their employees. With massive unemployment forecasted ahead of time things are turning out to be really difficult. However, we at Casepoint have succeeded to a great extent in retaining more than **550+ members** who are happily working from home.

Considering that many of the other counterparts have sliced their workforce and denied accepting any more interns we have kept our promise and helped our **2021 batch** finish their intense training period. But also taking note of the bigger picture, the fact remains: things are going to slow down and so will that impact the upcoming fleet of people. This is why we have decided to not leave our interns halfway and have offered them to work at Casepoint.

Let's plan for the batch 2022 placement asap.

Thank You,
