Sub: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCOE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Rashinkar Rushikesh Hambhau
- 2) Salunke Abhishek Ashok
- 3) Bodhak Gaurav Avinash
- 4) Mapan Marshal Dattatray

Prof. _____ (Mobile No: _____) will be guide to this students during the in-plant / internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you.

Subject:- Inplant training TIFAN SAE India

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments. If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. **Prof. S. T. Gadakh** will be the mentor from college end to these students. Students will join the company during summer/winter vacation from **16 June 2021** for internship.

Sr. No.	Name	Roll No.	Year	Discipline
1.	Ghogare Rohan Sunil	3232	Third Year	Mechanical

As per AICTE guidelines, we will provide internship documents with the students. Kindly provide information on the same only. It's request to you not to provide your organizations secretes/information/data to these students to avoid further conflicts.

A line of confirmation will be highly appreciated.
With warm regards,

Yours sincerely,
Prof. S. T. Gadakh,
Training & Placement Officer, 9423390284, tpo@avcoe.org

Sub: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCoE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Resham Raju Shelar
- 2)
- 3)
- 4)

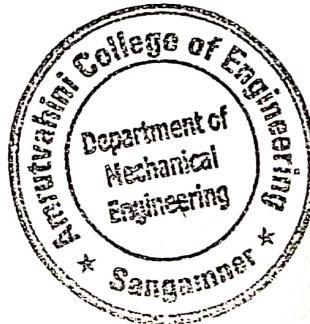

Prof. Y. J. Wagh (Mobile No: 9780930430) will be guide to this students during the in-plant / internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCoE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

Sub: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCOE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Sanket Avinash Arote
- 2) Akash Sanjay Asane
- 3) Chetan Sanjay Chaudan
- 4) Yashraj Sudhir Chalipat

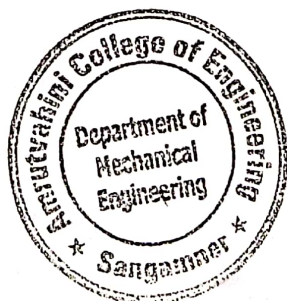

Prof. V. S. Ghodake (Mobile No: 9404716998) will be guide to this students during the in-plant / internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments. If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. **Prof. S. T. Gadakh** will be the mentor from college end to these students. Students will join the company during summer/winter vacation from **16 June 2021** for internship.

Sub: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCOE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Pardhi Sarthak Bhaisahb

Subject: Permission for the internship (02 weeks/ 01 month) for the Pre-Final Year Mechanical Engineering students.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments.

If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. *Prof. R. E. Gite* will be the mentor from college end to these students. Students will join the company during summer/winter vacation from 1st May 2022 for internship.

Greetings from Amrutvahini College of Engineering, Sangamner !!!

Subject: Permission for the internship (02 weeks/ 01 month) for the Pre-Final Year Mechanical Engineering students.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments.

If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. Prof.K.K.Dighe will be the mentor from college end to these students. Students will join the company /Institute during summer/winter vacation from 25th Of JAN 202 for internship.

Greetings from Amrutvahini College of Engineering, Sangamner !!!

Subject: Permission for the internship (02 weeks/ 01 month) for the Pre-Final Year Mechanical Engineering students.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments.

If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. *Prof. G.B.Jambukar* will be the mentor from college end to these students. Students will join the company during summer/winter vacation from 1st March 2022 for internship.

Sub: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

Greetings from Amrutvahini College of Engineering!!

AVCoE, established in 1983, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A+ grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Gawale Pushkaraj Tukaram
- 2) Patil Mayur Pandit
- 3) Mandlik Vivek Raosaheb
- 4)

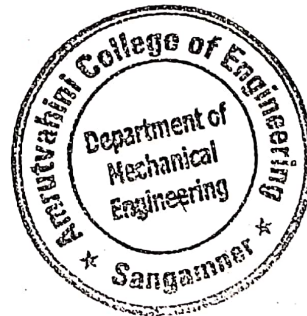

Prof. K.B. Deshmukh (Mobile No:) will be guide to this students during the in-plant internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you.

Greetings from Amrutvahini College of Engineering, Sangamner !!!

Subject: Permission for the internship (01 month) for the Pre-Final Year Mechanical Engineering students.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments.

If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. *Prof. S. T. Gadakh* will be the mentor from college end to these students. Students will join the company during summer/winter vacation from **11th June 2021** for internship.

Subj: Permission for the In-plant Training of the Pre-final year Mechanical Engineering students.

Dear Sir,

(Greetings from Amrutvahini College of Engineering)

AVCOE, established in 1993, is one of the premier engineering institute affiliated to Savitribai Phule Pune University. The institute is accredited by National Board of Accreditation and recently has been awarded A grade by NAAC. The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Ude Abhishek Samket
- 2)
- 3)
- 4)

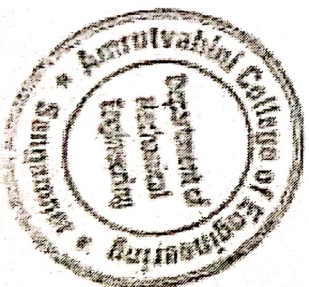

Prof. P.N. Gubjal (Mobile No. 80077969) will be guide to the students during the in-plant internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you,
Yours Truly,

Gaurav

The institute is also adjudged as "Best Engineering College Award" by SPPU Pune in 2021.

Industrial exposure makes the students to understand their subjects in a better way. It also helps the student to understand the industry culture, dynamics and different technologies, tools and techniques. The in-plant training will enrich the knowledge and skills in their respective fields.

We have encouraged our students to undergo in-plant training during Third year for a period of 2-3 weeks. As per new 2019 syllabus of Pune university the internship activity is compulsory to every student.

In this connection, I would like to request you to grant the permission to the following students from Third Year Mechanical Engineering to undergo in-plant training in your reputed Industry.

- 1) Thorat Shreyas Sunil
- 2) Phatangare Shubham Dadabhai
- 3) Mande Rushikesh
- 4)

Prof. S.B. Chaudhari (Mobile No: 8007400266) will be guide to this students during the in-plant / internship training.

We assure you that our students will follow all your rules and regulations and shall maintain the discipline during the period.

Thanking you.

Yours Truly,

Dr. V. D. Wakchaure

Greetings from Amrutvahini College of Engineering, Sangamner !!!

Subject: Permission for the internship (02 weeks/ 01 month) for the Pre-Final Year Mechanical Engineering students.

Dear Sir/Madam,

As per above cited subject, I take this privilege to seek your permission for the internship to our students at your industrial complex.

AICTE also took the step to provide the practical knowledge to students by initiating the support for internship.

From current final year engineering batch 2020-21 we have 124* (till date) students placed in different companies from all the branches. Also, we had achieved a milestone of International Placement of 06 students with 19.28 LPA package recent years. From last year batch 2019-20 and 2018-19 through campus drive total 488 and 577 students placed respectively.

Purpose of Internship: Engineering students are expected to undergo training from prominent industries and companies for practical exposure and insights to the real working environments.

If you permit following students, they will follow all your guidelines as well as all safety rules during this internship. Prof. S. B. Chaudhari will be the mentor from college end to these students. Students will join the company during summer/winter vacation from 1st March 2022 for internship.

Sr. No.	Name	Roll No.	Year	Discipline
1.	Mrs. Thorat Shubham Chandrakant	3263	Third Year	Mechanical

As per AICTE guidelines, we will provide internship documents with the students. Kindly provide information on the same only. It's request to you not to provide your organizations secretes/information/data to these students to avoid further conflicts.

A line of confirmation will be highly appreciated.

With warm regards,
Yours sincerely,

Prof B.S. Sable,
