Report of expert talk on “ A willing mind is a winning mind”

Date: 30.9.21

Time: 11.00am

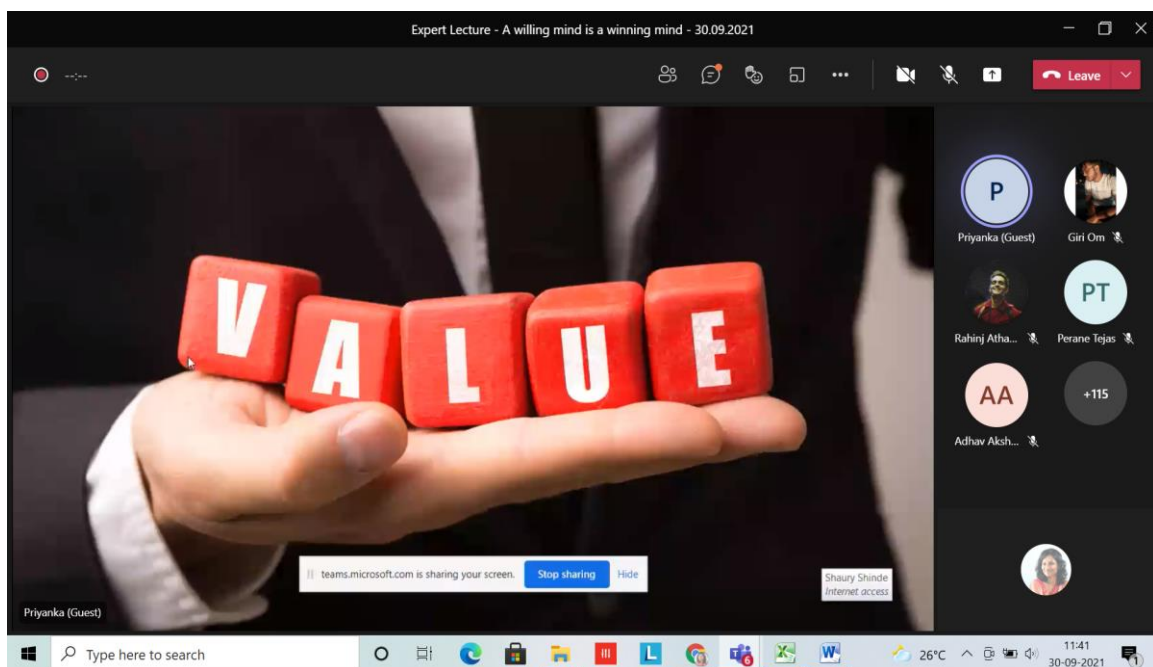

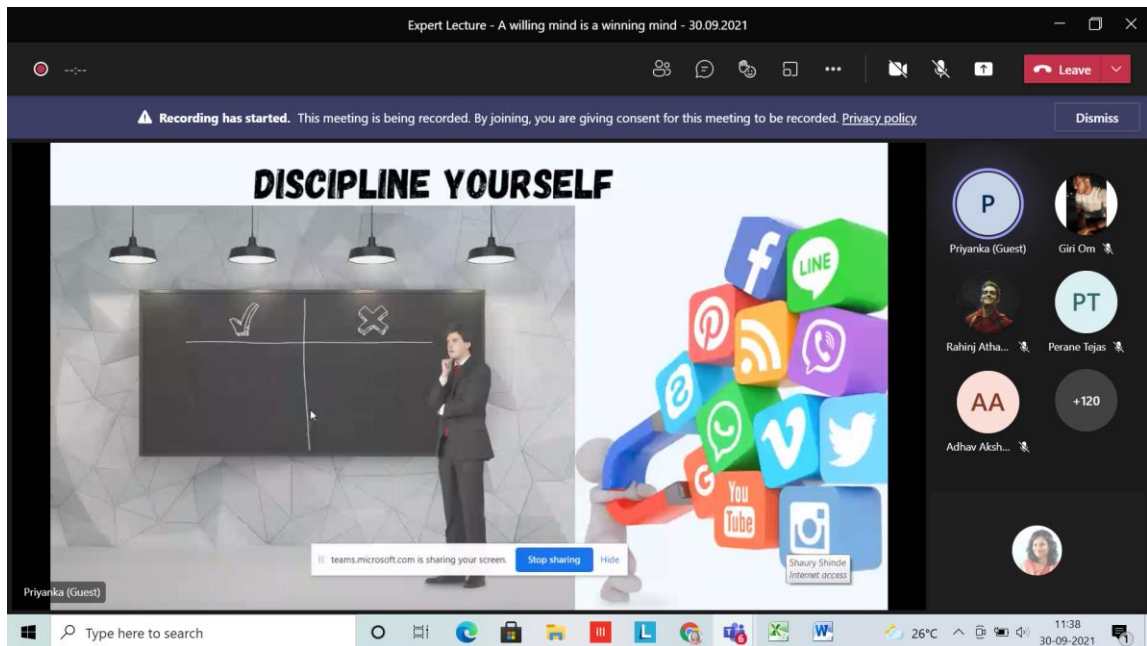

Department organized an expert lecture on “A willing mind is a winning mind” as a part of ISTE student chapter. This session was organized for SE & TE students. Total 146 students attended this session. Resource person was Dr. Priyanka Pratap Shinde who have completed PhD in Value Education from SPPU, Pune.

Values are extremely important because they help us to grow and to develop and guide our beliefs, attitudes and behaviour. Our values are reflected in our decision-making ability and help us in finding our true purpose in life and become a responsible and a good human being. Considering the same thing this session was organized.

Following are the topics covered during the session:

1. Goal setting
2. Short term/long term goals
3. Values
4. Health
5. Mindset
6. How to discipline ourselves?
7. To-Do list
8. Managing time

Session was very interactive. Students participated actively in Q & A session. Considering importance of value education for technical students, this session proved very helpful for the students.
