

AMRUTVAHINI COLLEGE OF ENGINEERING, SANGAMNER
Department of Engineering Science
Webinar Report

Date: 01/10/2021

Department of engineering science has organized a webinar on "**Optimisation of Green Supply Chain Management**" for all students and faculty members throughout the country. The main goal of the webinar is to the tools and processes by which manufacturing and distribution supply chain performance and efficiency are improved, taking into account all constraints. Supply chain network optimization technologies use sophisticated algorithms and analytics to balance supply and demand in such a manner that sufficient raw materials are procured for manufacturing and distribution to meet customer expectations at the highest cost efficiency. Under the guidance of Prof. V.P.Waghe, Head, Department of engineering science, we organized the webinar.

The following registration link was provided

<https://bit.ly/3EY44tj>

Date: 01/10/2021

Time- 3PM to 4PM

Resource Person- **Dr. Umakant Mishra,**

Department of Mathematics

VIT, Vellore, Postdoc from Soochow University, Taiwan, Visited USA, NL, TH, NZ

Total Participants Registered: 186

Topics covered: Green technology, goals of green technology, A sustainable economic order quantity (SEOQ) is studied, Carbon tax and cap model have been considered with and without shortages, Controllable deterioration and carbon emissions with preservation technology (PT) and green technology (GT) have considered, Total profit is maximized by an analytical technique.

Participants are given feedback on the below link

Subject:- Invitation as a Resource Person for Webinar Optimization of Green Supply Chain Management

Respected sir,

On behalf of HOD, Department of Engineering Science, Amrutvahini College of Engineering, Sangamner, I Dr. Pramoda Patro invites you as a resource person for Webinar on "Optimization of Green Supply Chain Management" tomorrow i.e. on 01-10-2021 Friday at 3PM.

Thank you for your consideration

Regards,

Warm Regards,

Dr. Pramoda Patro

M.Sc, M.Tech, PhD

Assistant Professor,

Department Of Engineering sciences.
