

ALUMNI INTERACTION REPORT

The **Students' Association of Automation and Robotics (SAAR)** had organized an Alumni Interaction section for SE & TE Students on 3th April 2024 at 12.00 am to 1.00 pm Rob, CAD Lab (A&R).

The lecture was given by Mr. Abhijit Band (Co-founder, Kanadlab Institute of Intellectual Property and Research). He is an Alumni of Department of Production. Introduction of the guest was given by Prof. S. N. Gadhave sir.

The interaction topic was on "**Intellectual Property and Research**". The session was very interactive where the guest delivered information about Intellectual Properties and he also told about his journey while his trainings. He shared his experiences during working with World Intellectual Property Organization (WIPO) and Korea Development Institute (KDI).

About 120 students from SE and TE, Automation and Robotics Department were present for the session. The lecture was very much interesting and informative to the students.
