Report of session on "How to prepare for Hackathon"

Date: 11/09/2023

Time: 11.00am to 1.00pm

Smart India Hackathon 2023 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving. As SIH-2023 is announced, department of computer engineering organized a session on "How to prepare for Hackathon" in association with ISTE student chapter of the department. Around 130 students from SE-BE from all departments participated in this event. Session was started addressing to the gathering by Head of Department Prof. R. L. Paikrao. He focused on What is SIH, journey of department from inception year of SIH till now. He also shared success stories of department in SIH and shared about different hackathons arranged by multiple organizations/companies.

Mr. Chaitanya Joshi, alumni of SIH-2022 also addressed the students online. He highlighted about team formation and selection of problem statement. He shared his own experience of SIH-2022 and motivated students to take part in SIH-2023. Then Ms. S. B. Bhonde discussed about evaluation criterias used for shortlisting of proposals and guided the students on PPT preparation.

- Glimpses of session on How to prepare for Hackathon -

Session was concluded by, Prof. V.K. Abhang. He guided the students on why participation is important, how ideas can be copyrighted and the need of taking part in SIH. Program was concluded with question and answer session.
