1.3.1 Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Our Institution integrates Cross-cutting issues of the society like Gender Equality, Environmental Awareness, Human Values, Professional Ethics, Moral and Ethical Values which are inseparable part of the our curriculum.

Gender Equality:

Gender equality and equal opportunity for women are necessary in the institution. Every activity and program of the circular of the institute should provide equal opportunity for the development of the girl students and the female staff. For maintaining the equality among the staff and students the Women development cell and Anti ragging cell are active. These committees take utmost care and provide support to girl students and the female staff. Meetings are conducted on regular basis and issues are discussed over to find solution for making a better environment for the women. Women development seminars are also conducted which includes teaching them self-defence and rifle shooting.

Environmental Awareness:

Environment awareness is inculcated in students. Environment study is a part of the curriculum of the institution. Environment day is celebrated with enthusiasm. NSS students along with other college students participate in tree plantation and cleanliness programs. We make student aware about the importance of preserving the environment.

Human rights:

Human rights are the basic rights enjoyed by all. We at institute make sure that no violation of human rights takes place. We celebrate 10th December as 'Human Rights Day' to spread awareness of Human Rights and motivate everyone to make the proper use of basic rights.

Professional ethics:-

Professional ethics are taught to students as part of their holistic development. Importance for group work and imbibing leadership is being taught.

Moral and ethical values:

Moral and ethical values are integral part of education of the students. Our teachers put their best efforts to groom students and make them responsible citizen. We celebrate day of National importance which imbibes the nation values in the students. Independence day, Republic day, Gandhi Jayanti, Teacher's day, Voters Awareness Day, International Yoga Day, Matrubhava Divas, World Environment Day, Youth Day etc.

Table 1.3.1 Cross-cutting issues in Curriculum

Core courses	Course Name	Cross- cutting issue	Description of course
SE Mech	202054: Value Education	Human Values, Professional ethics, Environment and Sustainability.	This course enables the students to understand meaning of values and select their goals by self-investigation based on personal values, enables the students to understand value of truth, commitments, honesty, sacrifice, care, unity, team work and relationship, educates and makes the young generation students aware of their social responsibilities, increases awareness among students about environment and create attitude towards sustainable lifestyle.
SE Mech	202054 A: Innovations in Engineering Field/ Agriculture	Environment and Sustainability	Highlights the importance of national productivity, sustainable development and inclusive growth.
SE Mech	202054 B : Road Safety	Professional ethics	Generates awareness about number of people dying every year in road accidents, traffic rules and characteristics of accident, Gain information and knowledge about people responsible for accidents and their duties, Understand the importance of multidisciplinary approach to planning for traffic safety and rehabilitation.
SE Mech	202047: Soft Skills	Professional ethics	Improved communication, interaction and presentation of ideas, Right attitudinal and behavioural change, Developed right-attitudinal and behavioral change
TE Mech	Seminar [302053]	Professional ethics	To create the awareness among students to follow the professional ethics, avoid the plagiarism.
TE Mech	Intellectual Property Rights [302054]	Professional ethics	Intellectual property rights creates the awareness about new innovative ideas and also refers to the rights which are attached to the creation of the mind and which take the form of property.
BE Mech	Energy Audit and Management (Elective II)(402045C)	Professional ethics, environment and sustainability	Significance of Waste heat recovery and Cogeneration. Energy Audit of the residence / society / college where students are studying. - Carry out electrical tariff calculation and accurately predict the

			electricity bill required for the installation. - Suggest various methods to reduce energy consumption of the equipment / office / premises
BE Mech	Industrial Engineering (Elective III) (402049B)	Professional ethics, Human values.	This course teaches the students to apply the Industrial Engineering concept in the industrial environment, Manage and implement different concepts involved in methods study and understanding of work content in different situations, Undertake project work based on the course content, Describe different aspects of work system design and facilities design pertinent to manufacturing industries, Identify various cost accounting and financial management practices widely applied in industries, Develop capability in integrating knowledge of design along with other aspects of value addition in the conceptualization and manufacturing stage of various products.
