

Amrutvahini College of Engineering, - Sangamner - Department of Electronics Engineering

- Organizes -

Workshop on “Industrial Approach in Electronics”

During 14th July 2016 to 16th July 2016

- Targeted Audience -
SE & TE Electronics Students

• Resource Person •
Mr. Sanjay Choudhari
Director, Electronics Study Center, Nashik

Session Objectives:

- Components symbol identification and Testing by DMM. The norms to find working and possible faults with respective reading.
- To study Function, Application, Ratings, specifications, price, availability of electronics components in market.
- PCB design, Skillful soldering with the help of mini project.

Session Outcomes:

On successful completion of this course, student will be able to:

1. Identify the various components.
2. Test the components using DMM
3. Design PCB for given circuit.
4. Mount component on PCB and solder them.
5. Improve their knowledge by making small mini-projects.
