**Abstract Views** - Reports the number of requests for an article Abstract.

**Article Request (NON-Counter)** - The number of documents requested from the server.

**Page Views** - The number of pages viewed on a Web site.

**Searches Run** - Reports the number of keyword searches performed.

**Page Views** - The number of pages viewed on a Web site.

**Visits** - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.
