Current Hiring Trends in Technology

15/07/2017

Technology is changing the world as we know it, and that includes how we do business. From the supply chain, to marketing, to graphic design, technology has impacted almost every business process. Whether it's for the better is up for debate; nonetheless, if we want to keep up, we must adapt.

Technology disruption is putting new stress on IT departments. Big IT vendors such as Google, Microsoft, Facebook, Salesforce and LinkedIn are all pouring money into the HR technology market.

Sourabh Karodi, Sr. Recruiter Qualys told about his responsibility of Hiring for multiple verticals at Qualys. Also initiated the Campus Recruitment Program from the scratch, worked for standing up multiple teams from the Scratch for new products. Requires Hands-on experience on using JobVite tool.

This was very fruitful session for students & it was concluded with active Q & A session with audience.
