

11. Social, Nature Awareness Programme:

Students who have social and Nature awareness can recognize the resources available and use them to address the needs of society. It also reflects in their behavior in the classroom and creates an environment that is ideal for learning. It teaches the skills of communication, collaboration, social responsibility and professionalism, which are helpful in their professional career.

First Year Engineering Department of Amrutvahini College of Engineering, arrange nature and social interactive visits for first year newly admitted students at the beginning of academic year. In previous academic year trekking of 660 first year students was arranged to Harishchandragad. It is a hill fort in the Ahmednagar district situated in the Malshej Ghat. It has an altitude of 4,670 ft.

Glimpses of Harishchadragad Trek.
